Holder Host/Employee Site Availability & Amenities – Eagle/Holy Cross RD

Site Name	Site # & type	Communications @ Site	Host Site Amenities W= water, S=sewer/vault; E = Electric; Ph = Phone line; PV = solar	Notes
Eagle/Holy Cross RD SITES				
Camp Hale CG	Site 5	satellite only	None PV would be possible	NRRS Site
Gold Park CG	Site 4	satellite only	none	A host in this CG has historically enhanced customer services and fee compliance
Gore Creek CG	Site 17	Good cell	S & PV would be possible	Site has 1,000 gal sewage holding tank
Hornsilver CG	TBD	satellite only	None PV would be possible	FS would consider authorizing a host/employee @ site to enhance customer service

Minturn Administrative site may also be available – see Prospectus, Amendment

Holder Host/Employee Site Availability & Amenities – Aspen RD

Site Name	Site # & type	Communications @ Site	Host Site Amenities W= water, S=sewer/vault; E = Electric; Ph = Phone line; PV = solar	Notes
Aspen RD SITES				
Difficult CG (double host site)	2 Un-numbered sites at the entrance to the CG	Landline & Marginal cell	W/S/E/ (Vault for both) & Ph for 1	NRRS site –3 sites available for holder use in this CG
Difficult CG Extra site	Site 37	Marginal cell	W/S/E	This site is next to the well house. It is authorized for employee use by the holder. .Not suited for large trailer - 38ft is a challenge
Lincoln Gulch CG	TBD	satellite only	Site available, but no amenities. PV would be possible	A host in this CG has historically enhanced customer services and fee compliance
Lostman CG	TBD	satellite only	Site available, but no amenities	A host in this CG has historically enhanced customer services and fee compliance
Weller CG	TBD	satellite only	Site available, but no amenities. PV would be possible	A host in this CG has historically enhanced customer services and fee compliance

Holder Host/Employee Site Availability & Amenities – Sopris RD

Site Name	Site # & type	Communications @ Site	Host Site Amenities W= water, S=sewer/vault; E = Electric; Ph = Phone line; PV = solar	Notes
Sopris RD SITES				
Avalanche CG	Site 1 has been used in the past	Marginal cell	site only PV could work in some	A host in this CG has historically enhanced customer services and fee compliance. FS would consider authorizing a change in site #
Bogan Flats CG	Site 32	Landline	W/E/Ph	NRRS site
Chapman CG North	Site 21	Landline @ Chapman South	W/E	NRRS site
Chapman CG South (host site)	Un-numbered site @ well house	Landline	W/E/Ph	NRRS site
Chapman CG South (Extra Site)	Additional employee site available	NA	None - PV would be possible	FS would consider authorizing use of an additional host/employee site in this CG to improve customer service & maintenance in upper Fryingpan CGs
Dearhamer CG	Site 6	Landline	W/E/Ph	
Elk Wallow CG	TBD	Landline @ site 4	Ph	A host in this CG has historically enhanced customer services and fee compliance
Little Mattie CG	Site 19	@ Mollie B	E	A host in this CG has historically enhanced customer services and fee compliance
Little Maud CG	Site 2	@ Mollie B	W/E/S	A host in this CG has historically enhanced customer services and fee compliance
Mollie B CG	Un-numbered site @ toilet	Landline	W/E/S/Ph	NRRS Site
Redstone I (Allgeier / Osgood loops)	Site 20 (host site)	Landline	W/E/S/Ph	NRRS Site
Redstone I (Extra Site)	TBD	@ host site	W/E	Site # 1 has been used for maintenance personnel on some years. FS would consider authorizing a change in site #
Redstone II (Mechau loop)	Site 19	Landline	W/E/S/Ph	NRRS Site
Ruedi Marina CG	Site 1	@ Mollie B	W & PV works well	A host in this CG has historically enhanced customer services and fee compliance. An on-site employee is critical for management of the boat dock and parking lot to standard

Meredith Guard Station may also be available – see Prospectus, Section II. O., page 31

Holder Host/Employee Site Availability & Amenities – Blanco RD

Site Name	Site # & type	Communications @ Site	Host Site Amenities W= water, S=sewer/vault; E = Electric; Ph = Phone line; PV = solar	Notes
Blanco RD SITES				
*Bucks CG	TBD	satellite only	W	N/A – FS would consider a request for use of a site by host or maintenance personnel
*Cutthroat CG	TBD	satellite only	W	N/A – FS would consider a request for use of a site by host or maintenance personnel
East Marvine CG	TBD	satellite only	None - PV would be possible	N/A – A host in this CG would enhance customer services and fee compliance
Himes Peak CG	TBD	satellite only	None - PV would be possible	A host in this CG would enhance customer services and fee compliance
Marvine CG	Site 1	satellite only	W	FS would consider authorizing a change in site #, but recommends site 1 since it is at the entrance area
North Fork CG (host site)	Un-numbered site @ well house	Landline	E/W/S/Ph	NRRS Site
North Fork CG (Extra Site)	Un-numbered site next to host site	@ host site	E/W/S	Maintenance personnel may stay in this extra site located to the west of the host site
*Shepherds Rim CG	Site 14	satellite only	W	This has historically been the most critical location for a host site for the Trapper's Complex
South Fork CG	Site 13	satellite only	none	FS would consider authorizing a change in site #
*Trapline CG	TBD	satellite only	W	FS would encourage a host/employee @ site to enhance customer service
Horse Thief CG	Not Available	satellite only	NA PV would be possible	N/A

* The FS encourages more than one host in the Trapper's Lake complex. Traditionally a host was in Trapline, but FS would consider authorizing use of an additional site for maintenance personnel in one of the loops at Trapper's.

Holder Host/Employee Site Availability & Amenities – Rifle RD

Site Name	Site # & type	Communications @ Site	Host Site Amenities W= water, S=sewer/vault; E = Electric; Ph = Phone line; PV = solar	Notes
Rifle RD SITES
